

THE BOURBON NEWS

PUBLISHED EVERY TUESDAY AND FRIDAY IN THE YEAR.

VOLUME XXXVII

PARIS, BOURBON COUNTY, KENTUCKY, FRIDAY, JANUARY 25 1913

BOURBON OBSERVED "FUELLESS DAY" MONDAY.

County Fuel Administrator Jas. H. Thompson and the members of the Fuel Committee are greatly pleased with the co-operation which they found among the people of Paris and Bourbon county in carrying out the orders of National Fuel Administrator Garfield for the conservation of fuel last Monday.

The committee has not so far heard of a single violation of the Fuel Administrator's order to have heatless Mondays until March 25. They say the people of Bourbon county have always been loyal and patriotic, and have proven it every time the opportunity has been presented.

The closing order caused considerable inconvenience, of course, but there was a universal disposition to observe the order. Mr. Thompson says the people of the county have been able to keep comfortable so far during the extreme cold weather that has been experienced for the past week. A careful handling of the fuel situation here helped very much.

CLAIBORNE STUD TO RECEIVE IMPORTED MARES.

Five foreign-bred mares recently purchased by Mr. A. B. Hancock, of Paris, have arrived safely in New York, and will reach his Claiborne Stock Farm, near Paris, some time this week. The animals were shipped from New York, Wednesday.

The names and pedigrees of the five mares are: Bandana by Lady Meddley-Ballante; Bold Lady by Marcovill-Lady Melton; Speedyfoot by Victor-Swift; Novanda by Ryshire-Alex; Lagionda by Marco-Bilberry II; and Aliqua by Radium-Amine. All have been named for the 1920 Futurity. One of the choicest in the lot is Bandana, which won the Cambridge Handicap for Wm. C. Whitney, and was purchased by Mr. Hancock, from Clarence Mackay.

On the same boat which carried the Hancock consignment was two three-year-olds and one four-year-old consigned to J. K. L. Ross, in Canada.

SALE OF LONG ESTATE

Geo. D. Speakes, auctioneer, makes the following report of the sale of the late J. Riley Long's farm, stock, implements, etc., which was held on the premises near Millersburg, Wednesday.

Mr. Joe Atkinson purchased the farm of 137 acres for \$173.50 per acre; one pair mules sold for \$385, another pair at \$375; one yearling mule at \$100; cattle, weight 1,000 pounds, sold for \$105 per head; small steers brought \$67 each; sows and pigs sold for from \$35 to \$40 per head; cows, \$97 to \$105 per head; sheep \$15 to \$21.50 per head; farming implements and crops on hand in storage brought good prices. There was a good crowd in attendance, and the bidding spirited.

COUNTY EXAMINERS APPOINTED.

Prof. B. M. Roberts, principal of the Little Rock Graded School, and Miss Susie Clay, at present principal of the Russell Cave Graded School, have been appointed by County School Superintendent J. B. Caywood, as County Examiners of teachers for the county schools of this county.

Both appointees are teachers of long and varied experience, and in every way eminently qualified for the positions. Miss Clay attended State University, from which institution she has a life diploma.

CIVIL SERVICE EXAMINATIONS.

An examination under the auspices of the United States Civil Service Commission for clerk with a knowledge of stenography or typewriting, will be held at the Paris postoffice on February 15. The examination will be competitive and will be open to both men and women. Full particulars can be obtained by applying to Mr. Wm. Clarke, local secretary, at the Paris postoffice.

Stenographers and typewriters are in great demand for service in the Government buildings, at Washington, D. C. This will be an opportunity for ambitious young men and women to get a good Government position.

OYSTERS SCARCE

Paris restaurants are not serving luscious oysters in unlimited quantities, as has been the case heretofore. The oysters in Chesapeake Bay, the chief source of supply for nearly all the market west of Baltimore, has been frozen up for several weeks. Because of this only a limited supply has been received here.

BANK COMMISSIONER FILES ANOTHER ALEXANDER SUIT.

Mr. George C. Speer, State Commissioner, has filed a second suit in the United States District Court at Cincinnati against the Fifth-Third National Bank, of that city, to recover \$43,640.37, alleged to be due the creditors of the George Alexander & Co. State Bank, in this city.

The first suit was filed by former State Banking Commissioner Thos. J. Smith, and a judgment was given in favor of the Paris Bank for the amount sued for, in the District Court and the Court of Appeals.

After it had developed that the term of the Commissioner had expired, the Fifth-Third National Bank, of Cincinnati, took the position that there was no one legally qualified to whom the money should be paid. The second suit is practically the same as the first; that the Paris Bank borrowed \$35,000 from the Fifth-Third National Bank, and afterward overdraw its account to the extent of \$8,640.37, giving the Fifth-Third National Bank collateral to the amount, covering its indebtedness, which the latter bank disposed of. The Court held that this transaction was illegal, inasmuch as the charter of the Alexander Bank only allowed it to assume an indebtedness of \$10,000.

RESIDENCE AT AUCTION TUESDAY.

Read advertisement on another page of sale of Withers Davis' residence Tuesday at 2 o'clock.

HARRY MOREY AND GLADYS LESLIE TO-MORROW.

Angered at the murder by game wardens of one of their companions, two store villagers storm the manor of Lord Percival Cheltenham, demanding his life. They are appeased only when Hugh O'Donnell, blacksmith in the Irish village, promises to turn His Lordship over to the constables and see that justice is done. This is one of the strongly portrayed scenes in "His Own People," a fascinating drama of Irish life, of love and jealousy, weaved about the blacksmith and a wilful colleen, which is the Greater Vitagraph Blue Ribbon feature to be seen in the Alamo Theatre and Paris Grand to-morrow afternoon and evening. The story is by William Addison Lathrop and the cast of exceptional strength, being led by Harry Morey and Gladys Leslie and including Arthur Donaldson.

BOURBON MAN TWICE A REGISTRANT.

Sid Renaker Collier, a white man, residing near Hutchison, this county, has the distinction of having registered for draft service twice, once in Bourbon county and the Fayette County Board is requesting that his registration in Bourbon county be allowed to stand.

Collier, who is employed on the Louisville & Nashville railroad registered in Bourbon county first, but his employer told him he had made a mistake and would have to register in Fayette county, which he did. Collier says he is sure to be in the draft calls from one of the counties, at least.

FARMERS INVITED TO SHEEP BREEDERS' MEETING.

THE BOURBON NEWS is asked to give publicity to the following invitation to Bourbon county farmers, extended by Mr. R. H. Stephenson, president of the Kentucky Sheep Breeders' Association, to attend the coming meeting to be held at Lexington:

"All the farmers of Bourbon county are cordially invited to be present January 30, during Farmers' Week at Lexington, at the Sheep Breeders' meeting. This is a very important meeting and there will be some of the best speakers available to interest you."

TEACHERS TO MEET AT COURT HOUSE TO-MORROW.

A meeting of the teachers of Bourbon county schools will be held to-morrow morning at ten o'clock in office of County Superintendent J. B. Caywood. The meeting has been called for the purpose of having read the call of President Wilson upon the teachers for the services to the country in the time of war. The call, which was recently issued by Provost Marshal General Crowder, will be explained to the teachers at this meeting.

GEN. ALLEN GOES TO FRANCE ON SPECIAL DUTY.

Major General Henry T. Allen, of Sharpsburg, Ky., left January 4 for the battle front in France, where he was sent by the U. S. Government on special observation duty. General Allen is the commander of the U. S. Army at Camp Travis, San Antonio, Texas, and is at the head of fifty-one thousand men stationed at the camp there.

MERCHANTS ABANDON PLAN TO OPEN MONDAYS

A large number of Winchester merchants have had under consideration for several days the question of opening their stores on Mondays from 12:30 to 4:00 p. m., for the benefit of the country people who visit the city on court day and are unable to come on any other day. The plan was not to use any heat, but to allow purchases to be made during those hours. It was not the wish of any of the merchants to do anything contrary to the orders of the Fuel Commission. As soon as the matter was taken up they communicated with State Fuel Administrator Wiley Bryan, at Louisville, explaining their desires. The message they sent read: "Advise at once whether merchants can open on Mondays without heat."

Mr. Bryan replied as follows: "Nothing to prevent merchants from opening without heat on Mondays. Stores selling foods may maintain necessary heat until noon for the sale of foodstuffs only. Your patriotic duty is to comply with the order, spirit of which should be obeyed."

After reading the telegram the merchants decided that they could not legally operate, and that it was their patriotic duty to do nothing which had even the semblance of being contrary to the dictates of the Fuel Administration.

EXAMINATIONS FOR COUNTY DIPLOMAS TO-DAY AND TO-MORROW.

Examinations for diplomas for teachers of the county schools will be held in the basement room of the Bourbon County Court House, in Paris, to-day and to-morrow, Friday, January 25, and Saturday, January 26, beginning shortly after eight o'clock.

The teachers of the county should insist very urgently on all their prepared pupils taking this examination. Especially the ones they feel sure are capable of doing higher work, as no child should lose any time after being thoroughly prepared for High School work.

J. B. CAYWOOD, Supt. Bourbon County Schools.

JANITOR HURT.

Charles Bishop, colored janitor at the Masonic Temple, is another victim of the icy pavements. Bishop fell on the pavement while going home Monday night, sustaining two broken ribs.

THE TOBACCO MARKETS.

The tobacco market reopened Wednesday with sales at the Independent House, and Paris houses of the Bourbon Tobacco Warehouse Co. Sales at the Paris House were unfinished, while the Bourbon House was not reached. Prices were strong, and the market showed some improvement.

The Independent House reported as a total for the sale of Wednesday, and which was continued to yesterday, 147,825 pounds disposed of, at an average of \$27.53. The next sale at this house will be held at nine o'clock this (Friday) morning. At the Independent sale the following crop averages were reported: Lee Craven, 6,915 pounds; average \$24.76.

Clark & Ormes; crop averaged \$34.96.

Jacoby & Gray's crop brought an average of \$34.41.

A. O. Robinson, 1,300 pounds; average \$32.44.

Wheat & Hutchcraft, 2,190 pounds; average \$32.74.

Henry & Ishmael, 3,880 pounds; average \$30.95.

J. S. Roberts and Mann Bros., 3,490 pounds; average \$30.03.

Grimes & Doyle, 1,740 pounds; average \$33.74.

Fister & Wayland, 2,650 pounds; average \$31.17.

Boardman & Crump, 3,370 pounds; average \$30.43.

Wilson & Roy, 4,245 pounds; average \$30.26.

Wheat & Hutchcraft, 2,195 pounds; average \$30.25.

Receipts of tobacco continued heavy for the Thursday sale, heavily loaded wagons and sleds passing up Main street all day Wednesday. During the period the market has been closed farmers and growers have been bringing their tobacco to market on sleds, returning with loads of coal as ballast.

It is expected by the warehousemen that the prices on tobacco will be much better this week. The tobacco is said to be in much better condition for handling and selling. The houses expect to remain open the rest of the season except on Mondays and possibly Saturdays.

EGGS OUT OF SIGHT.

Eggs on the Paris market are literally out of sight, the ruling price yesterday being seventy cents per dozen. Some grocers say it is impossible to get eggs at any price. Dealers believe the situation will be relieved when the roads get in such shape that farmers can get their country produce to market.

REFUSED TO RELEASE ALLEGED AUTO THIEVES.

Extradition was refused two negroes, Elmer Reed and Lester Douglas, in the County Court, Wednesday, by County Judge George Batteredton. Their return had been asked by the Indianapolis, Ind., authorities, as they were wanted there on a charge of stealing an auto from an Indianapolis garage.

Reid and Douglas were arrested near Paris several days ago by Chief of Police Fred Link, who suspected them of being guilty of stealing valuable auto robes belonging to Mr. John Wiggins and Mr. Charlton Alexander, from a local livery stable, where the machine had been left. The negroes confessed, an automobile in which they were riding when arrested, proved to have been stolen, and investigation located the owners in Indianapolis.

After the testimony was all in Judge Batteredton refused to grant the request for their return to Indianapolis, and held them over to appear before the grand jury at the next term of the Bourbon Circuit Court. For this reason the Court refused to send them to Indianapolis. The negroes were willing to return, and agreed to waive the formality of the usual requisition papers.

At the time of their arrest the men confessed that they were wanted in Indianapolis to testify against a man named Lambert, who, they stated, was at the head of an organized gang of auto thieves. They said they were connected with the gang and that the arrest of Lambert led to the finding of fifteen stolen automobiles and one hundred and eighty stolen tires.

W. T. Young and Frank Graham, of Indianapolis, prominent auto dealers and both members of the City Council, came to Paris, Wednesday, and drove back in the stolen machine, which was fully identified as being the property of Mr. Graham.

LOCAL FARMERS TO GET NITRATE.

Notice has been given to Lewis S. Robbins, Agricultural Agent for Bourbon county that the U. S. Department of Agriculture, will sell at cost a supply of nitrate of soda to farmers in Bourbon county.

The nitrate was purchased through the War Industries Board under the authority of the Food Control Act as a part of the program for stimulating agricultural production. It will be unloaded at Atlantic ports and the price will be \$75.00 a ton, free on board cars at port of arrival. Farmers are to pay in addition freight from port of arrival and the State fertilizer tag fee.

Applications for a part of the 100,000 tons of nitrate, bought by the government will be received only from actual farmers or owners or holders of farms for use on their land, and may be made through County Agent Lewis S. Robbins, or through any member of a local committee consisting of George Batteredton, J. B. C. C., D. D. Cline or the Agricultural Bank.

No money will be required with the application, but upon notice from the County Agent, farmers who have signed applications must deposit with the local bank, association or individual, designated by the Secretary of Agriculture to act as the farmers' agent for that purpose, money to cover the cost of the fertilizer except the freight charges. After the money is transmitted to Washington the nitrate will be shipped to the farmers. If applications for the nitrate exceed the supply of about 100,000 tons the government will allot the supply on a pro rata basis among those who applied. Applications must be received by February 4.

BOURBON SOLDIERS AND SAILORS IN SERVICE.

In response to the request as outlined in a previous issue of THE NEWS there has been sent to the office the following for the roster: H. F. Everman, North Middle town; member C. F. Second Regiment, Camp Dewey, Great Lakes Naval Training Station, Great Lakes, Ill.

Jesse J. Harris, Paris; member Quartermaster's Corps, Ft. Joseph E. Johnson, Jacksonville, Florida; son of Mr. and Mrs. L. D. Harris, Paris; enlisted at Lexington, Ky. Edwin M. Thomas, Paris; enlisted at Lexington, Ky., June 25, 1916; member Co. C, 149th Infantry, Camp Shelby, Hattiesburg, Miss.; son of Mr. and Mrs. Wm. C. Thomas, of Paris; native of Bath county.

Lawrence H. James, Sergt., Co. I, Third Texas Infantry; age 24; enlisted May 10, 1916; son of Mrs. Mollie James, Paris, Ky. Cornelius (Buddy) James; son of Mrs. Mollie James, Paris, Ky., now "somewhere on the Atlantic;" enlisted in the U. S. Navy, April 17, 1917.

GOVERNMENT TO TAKE OVER OUTPUT OF MILLS.

Operations under Governmental orders was begun in Paris, Monday, by the two local flour milling concerns, the Paris Milling Company and E. F. Spears & Sons, both of which have practically been on waiting orders for several months.

The Government food commissioners placed certain restrictions upon the milling interest of the country, which when applied locally, will cause considerable losses to these two plants. It is said that in the future the mills will have to conform to a policy of supplying the local trade only, and that they will be compelled to call their traveling representatives off the road. Among the many restrictions applied by the Government in its plan of control is to limit the future capacity of the mills to the average amount of wheat per day ground for the years 1915 and 1916. Thirty per cent. of this output is to be subject to sale to the Government. The amount of wheat left over from the average grind of the three years above mentioned is to be taken over by the Government and shipped to points where there is an actual shortage of both grain and flour.

Commissioners of Paris have been asked by the Government to send in a list of farmers who have wheat in stock. A representative of the Government who was in Paris last week is said to have notified the farmers to dispose of their wheat at the price fixed by the Government, so as to bring it to the market to be converted into flour. It is said that at least 30,000 bushels of wheat was in the hands of the farmers, which has now gone forward to the markets.

The milling people state that there will be plenty of flour in the market for local consumption, and that there will be no shortage here.

THE WEATHER.

The weather in this vicinity remains very much the same as far as the accumulations of ice and snow are concerned. Yesterday the temperature took a little rise out of the weather man, with a promise of snow or rain. Conditions on the country roads are improving. In the city snow and ice continue to make walking a very difficult matter. From the gutters of business houses depend great icicles, while down spouts are frozen until they resemble in Mammoth Cave. The mercury yesterday registered in the vicinity of twenty-two above zero.

The telephone men from both the Cumberland and Home offices are still having their troubles with lines throughout this section. The snow and ice frozen on the wires has broken them down in many parts of the county. Despite this quick work by the telephone construction men has kept up communication between Paris and the outside world.

The thaw yesterday gave an opportunity for business men to make an effort toward removing the ice from the pavements. The sound of the shovel and spade and other kinds of implements was heard all day as the welders endeavored to clear the pavements. In some places the ice had formed to a thickness of three inches on the pavements, caused by successive thaws and freezes.

Snow has been on the ground in this section continuously since the 24th day of November. The heavy snow now covering the ground fell on December 8, but at that time there was still left a light covering of snow that fell on November 24.

LEGISLATOR WANTS TO KNOW ABOUT USELESS OFFICES.

Representative J. Wood Vance, Democrat, of Barren county, offered a resolution in the House at Frankfort, Wednesday, providing for an investigation into the various departments of the State Government, reciting the pledge of the Democratic platform on which Governor Stanley was elected, that useless offices would be abolished, stating that it was proposed to create other offices and that other offices had been created by the legislature two years ago.

The resolution provides for the appointment of a joint committee, which shall investigate the number and salaries attached to these offices, who are the holders and report back to the assembly not later than February 20.

FINE COASTING.

Devotees of the sport of coasting have had great sport the last few days, especially on Parrish avenue, in Henry Division. At this point large number of people gathered and put in many hours gliding swiftly down the frozen surface. At other points in the city the same sport was had.

— WE KNOW NOW —

Do You Suffer With COLD FEET?

If You Do, Wear Dr. Reed's Cushion Sole Shoes

Your feet will never become cold and damp. There is no other shoe made that will give you the same comfort and service that Dr. Reed's Cushion Sole Shoes will. Made with a soft velvet-like cushion sole that rests those aching feet and an invisible cork inner sole that keeps the dampness from seeping in. Dr. Reed's Shoes are made in all styles and sizes. Black Vici Kid and Calf Skin—

\$9.00 PAIR

The Nettleton Shoe You All Know

Many customers in Paris and Bourbon county have been wearing these well-known shoes year after year, and for the man who has ever worn a pair of Nettleton Shoes he is among our satisfied shoe customers. Nettleton Shoes hold their shape, and no matter how long you wear them you will find they hold their original shape until the last bit of wear has left them.

EDITORIAL MUSINGS.

The End of a Meatless Day.

I have eaten a bale
Of spinach and kale,
And I've never raised a row;
I have swallowed a can
Of moistened bran
And I feel like a brindle cow;
I am taking a snack
From the old haystack
In the evening shadows gray,
And I'm glad, you bet,
At last to get
To the end of a meatless day.

Feat of Memory.

We can remember as far back as the time when a bachelor could turn up four weeks in a hospital and escape marrying the lady who nursed him back to home and mother.

Here and There a Little

Does it seem a very little thing to observe a wheatless or a meatless day? Remember that a million or so little things can make something which can no longer be described. In the window of a restaurant which is but one of a big chain of such establishments there is hanging this announcement: "With the co-operation of our patrons on the last wheatless day this chain of restaurants saved 8,000 loaves of white bread, releasing that amount of wheat to feed our soldiers and allies." It was many little things that made possible that saving for the men who are fighting our battles for us in the Old World. Is there any room for the grumbler or the growler in this country, who cannot see why he should be compelled to observe the days that have been set apart by the Government?

List Your Soldier or Sailor.

In another issue THE NEWS outlined a plan that is being observed elsewhere for obtaining a complete roster of the soldiers and sailors from this city and county who are serving their country in other lands, or who are at present in the training camps of the United States. The plan in itself is a very feasible one, and one that is capable of doing an infinite amount of good. The friends and relatives of these boys are earnestly asked to supply us with the names and addresses of their friends and relatives in the army and navy. We desire to keep the roster complete and up-to-date, and to that end, ask the co-operation of every one in the city or county who would be interested in the matter. We would wish to have reported to us promptly every change of rank and address. All who have not listed their friends and relatives are requested to do so at once. Some of the churches have begun the work with an honor roll from the membership of their congregations, but THE NEWS wishes to have a complete roster, regardless of color, religion, or any other consideration save that outlined above. Will you help us?

The Personal Equation.

Possibly you have noticed the very material difference between days; how some of them are filled with smoothly-flowing accomplishment, and how some of them are

cluttered up with exactly just the reverse? Just so.

You get up in the morning—some mornings—and begin by telling yourself that life is a joy. Your home is the best home ever. Your wife and children are just right. You are a lucky man—things are going along just right. So you tell yourself. You go down town to your business. You begin the detail of another day's work. Things come easily and naturally, running along one after another and dovetailing with a nicety, that makes for the completest satisfaction. And you go home that night with a pretty well defined idea that it has been a pretty good day—that it's a pretty good old world.

But there are other days. And from the rising of the sun until the going down thereof nothing goes right, or at least seems to go right, at least as far as your own little narrow path is concerned. Folks get in your way—you never knew before that there were so many stupid, cantankerous people in the world. Everything snarls up and ties in hard knots. For all your tugging and straining you seem to get no where. And you tell yourself, homeward bound from your work, that it has been one awful day; that it is a rotten world, and that life is by no means what it is cracked up to be. But just what, after all, constitutes the difference in these days? Days are pretty much all alike. They each one have their eight or nine or ten hours for work, and what is left over can be used in sleep or amusement, if you so desire.

Isn't it really our fault, Mr. Men, that we fall over our own feet all day long—on those "other days"? Wasn't the difference just in yourself, and the way you got up in the morning? It's that personal equation that makes most of the difference in the days. The reason why some days are golden and some days are leaden lies largely in the way we face the days.

Think it over. Let's learn to make adjustments of self as to weather and to "folks" and to our tasks. And let's learn to make these adjustments without friction. Being the same good fellow day after day—cheerful, courteous—helps a fellow to get a grip on himself and to keep it there through the long day. And remember the truest thing in the world to-day, is that you cannot bully your way through the world. The cheerful, courteous man will outstrip you as sure as the sun rises and sets. Therefore, it is that good grip on our passions, our tongues and our tempers that will be depended upon to take us through these days, and those "other days," also.

His Last Act.

For some time a Paris boy, Mr. Clark Wilson, was employed in one of the big munitions factories at Dayton, Ohio, engaged in making shells and other explosives for the armies of the Allies and our own. Clark naturally picked up many good stories as he heard them from the workmen. While in Paris on his recent visit he told one to THE NEWS man:

"One of the best stories I heard while in Dayton was one told by one of the workmen who had been employed in the big works at Milton, Pa., where several boys from Paris had been employed at different times. It seems that there had been an explosion at one of the neighboring factories, and the manager, who had been enjoying a brief holiday at the time, hurried back to investigate. 'How in the world did it happen?' he asked the foreman, as he viewed the wreck. 'Who was to blame?' 'Well, you see, sir, 'was the reply, 'it was like this. 'Bill went into the mixing room, probably thinking of something else, and struck a match by mistake. He — ' 'Struck a match!' exclaimed the manager, in amazement. 'I should have thought it would have been the very last thing on earth that he would do.' 'It was, sir!' replied the workman.

YOU CAN'T FIND ANY DANDRUFF, AND HAIR STOPS COMING OUT

Save Your Hair! Make It Thick, Wavy, Glossy and Beautiful At Once.

Try as you will, after an application of Danderine, you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable luster, softness and luxuriance, the beauty and shimmer of true hair health.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment. A small trial bottle will double the beauty of your hair. (adv)

BIG HERDS GONE

World War Wastes Europe's Meat Supply.

American Stock Raisers Co-operate With Food Administration in Conservation Measures.

It is probable that Europe for many years after the war will look to a great extent to America for its meat supply.

Europe's herds are dwindling under war's demands faster than they can be replenished.

When the German armies retired from occupied portions of France and Belgium approximately 1,800,000 head of cattle were appropriated. This addition virtually safeguarded Germany from cattle shortage other nations now suffer.

In England some 2,400,000 acres of grass lands have by compulsory measures been forced into grain production, thus reducing pasturage and hay lands. A declining scale of maximum meat prices for live cattle was ordained in England, as follows: For September, \$17.76 per hundred pounds; October, \$17.28; November and December, \$16.08, and for January, \$14.40. The evident intent of this measure was to drive the beef animals into market as soon as possible.

According to official French figures, the cattle of France have decreased to a total of 12,341,900 as compared with 14,807,000 in 1913. Today, due to lack of forage principally, France is producing only one gallon of milk where before the war two and one-half gallons were produced.

Meantime the United States food administration has taken steps to conserve our flocks and herds and to increase their numbers. The stock breeders of this country show a disposition to co-operate with the government in this.

For many years it has been a practice among many of the dairy people of this country to kill male calves at birth and in many instances the females if not needed to replenish their herds rather than go to the expense of maturing them into veal. The high prices of meat caused the virtual discontinuance of this killing. Another encouraging fact is 75 per cent. of calves killed for veal this year were males.

Somewhere has very aptly said that the wars of the world have been won with grease, meaning that bacon and lard have been as essential to success in war as powder, which is true.

The hogs of Europe have been very greatly sacrificed to present day needs. This makes the American burden all the more heavy and makes doubly essential an increased pork production in this nation. In Italy grain is now forbidden to be fed to hogs. In Denmark under a recent order one-fourth of the hogs were ordered to be killed. It is estimated that one-half have now been killed.

SEIZURE OF HOUSEWIVES' FOOD STOCKS IMPOSSIBLE

The government has never considered any plan of seizing foodstuffs owned by householders. Nor is there any policy of this kind suggested for the future.

In spite of this fact, the United States food administration has been obliged repeatedly to issue official denials of rumors that the government intends commandeering preserves and canned goods put up in American homes.

These rumors were originated partly by pro-German propagandists and partly by conscienceless grafters, who sought to profit through buying from misinformed housewives.

The year 1918 will see home canning and preserving practiced on greater scale than ever before in the nation's history, officials in Washington believe. And they are assuring all patriotic housewives that foods so saved are theirs, and theirs alone.

NUTRITIOUS CORN BREAD.

One New York hotel has arranged a thoroughly patriotic corn bread recipe. It combines cornmeal with rye flour, both of which are being consumed in greater quantities this year in order to release wheat flour for the allied nations. This recipe fills a large pan—16 by 22 inches—and contains the following ingredients: One quart milk, four ounces butter substitute, ten ounces light syrup or honey, three eggs, pinch salt, two pounds cornmeal, one pound rye flour and two ounces baking powder.

The butter and syrup are thoroughly mixed. Then add the eggs gradually, pour in the milk, then add the rye flour mixed with the cornmeal and baking powder. Bake in a hot oven.

Protect Curtains.

At the bottom of your bedroom curtains put small snaps, and up as far as you can reach put snap eyes. At night hook the bottom of the curtains up to prevent them from blowing out after the windows are opened. Do the same with the portieres when you are sweeping the floors or dusting.

Eye-Strain Illness

Is plain to be seen in the weakened and irritated appearance of the eyes; the persistent and distressing headaches; pains in temples or forehead; blurring together of letters; that from which is beginning to spoil the face. Together with these, there is the effect on the general health, which is great in many cases. Let me give you the benefit of my several years' daily experience in expert eye testing and correct fitting of glasses for eye-strain in all its forms. Yours for better eyesight.

Master's Sale of House and Lot!

BOURBON CIRCUIT COURT

JOHN J. RICE, Etc.,

VS.—Notice of Sale.

TILLIE RICE, ETC.,

PLAINTIFFS

DEFENDANTS

Under and by virtue of a judgment and order of sale rendered at the November, 1917, term of the Bourbon Circuit Court in the above styled action therein pending, the undersigned Master Commissioner, on

SATURDAY, F Y 2, 1918

at about the hour of 11 o'clock a. m., at the front door of the Court House, in Paris, Kentucky, will sell at public auction to the highest and best bidder, the following described property, to-wit:

A certain house and lot situated in North Middletown, Bourbon County, Ky., and bounded as follows: Beginning at a corner of the South side of Main Cross Street in said town, in the western extremity thereof, and running thence with Main Street west to the line of the property occupied by J. G. Miller (in August, 1897); thence South with the line of said Miller to the line of lot occupied by W. T. Allen; thence East with said Allen's line to said Main Cross Street; thence with said Cross Street to the beginning, being the same property conveyed to Samuel Rice by Matthew D. Hume, by deed of record in the office of the Clerk of the Bourbon County Court.

Said sale will be made upon the credits of six and twelve months, the purchaser or purchasers being required to execute their two bonds with good surety to be approved by the Master Commissioner, for equal parts of the purchase money, due six and twelve months from date of sale respectively, and bearing interest at the rate of six per cent. per annum from date of sale until paid, said bonds to have the force and effect of judgments, with a lien retained upon the property to secure payment of same.

Said sale is made for the purpose of division among the parties in interest.

O. T. HINTON,
Master Commissioner Bourbon Circuit Court.
M. F. KENNEY, Auctioneer.

Master Commissioner's Sale of Store Room and Dwelling at Plum Lick.

BOURBON CIRCUIT COURT.

RICHARD EVERMAN'S ADMR., &C.,
VS.—Notice of Sale.

SARAH EVERMAN, &C.,

PLAINTIFFS

DEFENDANTS

Under and by virtue of a judgment and order of sale rendered at the November term, 1917, of the Bourbon Circuit Court, in the above styled action therein pending, the undersigned Master Commissioner will, on

SATURDAY, JANUARY 26, 1918

sell at public auction to the highest and best bidder, the following described property:

Beginning at a point near the center of the turnpike, corner to Ben Doyle and G. Cunningham and running therefrom S 53 W 8.32 poles to a point near the center of the pike, corner to said Doyle; thence S 29 E 5.88 poles to the point in the stone fence, corner to Wilson; thence N 66° E 12.82 poles to a walnut tree, corner to Wilson; thence N 57 W 10.45 poles to the beginning, containing 71.94 square poles, and being the same lot conveyed to R. A. Everman by J. T. Wilson and wife by deed recorded in Deed Book 90, page 46 in the office of the Clerk of the Bourbon County Court.

Said sale will be made upon the credits of six and twelve months, the purchaser or purchasers being required to execute two bonds with good surety to be approved by the Commissioner, due six and twelve months from date of sale respectively and bearing interest at the rate of six per cent. per annum from date of sale until paid, with a lien retained upon the property to further secure their payment, said bonds to have the force and effect of judgments, or the purchaser will have the privilege of paying the entire purchase money in cash instead of executing bonds. Said sale is made for the purpose of satisfying the lien indebtedness of the plaintiff in the sum of Six Hundred Dollars (\$600.00) with six per cent interest as of the date of sale at \$775.00, and for the further purpose of settling the estate of Richard Everman, deceased.

Turkeys, ducks, some household goods and kitchen furniture, and other things too numerous to mention.
Terms will be made known on day of the sale.
MRS. CHAS. C. COLLINS,
Geo. D. Speakes, Auctioneer.

HUSBAND SAVES WIFE

From Suffering by Getting Her Lydia E. Pinkham's Vegetable Compound.

Pittsburgh, Pa.—"For many months I was not able to do my work owing to a weakness which caused backache and headaches. A friend called my attention to one of your newspaper advertisements and immediately my husband bought three bottles of Lydia E. Pinkham's Vegetable Compound for me. After taking two bottles I felt fine and my troubles caused by that weakness are a thing of the past. All women who suffer as I did should try Lydia E. Pinkham's Vegetable Compound."—Mrs. JAS. ROHRBERG, 620 Knapp St., N. S., Pittsburgh, Pa.

Women who suffer from any form of weakness, as indicated by displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness or "the blues," should accept Mrs. Rohrborg's suggestion and give Lydia E. Pinkham's Vegetable Compound a thorough trial.

For over forty years it has been correcting such ailments. If you have mysterious complications write for advice to Lydia E. Pinkham Medicine Co., Lynn, Mass.

Freak Cluster of Corn.

E. D. Leonard of Clarendon, Vt., recently exhibited a freak of nature in a cluster of ears of corn numbering about 20. While all are small and only partly developed, the kernels on each are ripe and of normal size. The cluster resembles a bunch of small bananas. All the ears grew from a single stalk.

"UNJUSTIFIABLE DISTORTION OF TRUTH," SAYS WILSON.

WASHINGTON, Jan. 24.—In one of the most vigorous statements ever issued from the White House, President Wilson, Monday night, branded as an "unjustifiable distortion of the truth" the speech of Senator Chamberlain, of Oregon, in New York, last Saturday night assailing the Administration's war policy.

When the President's attention was called to the speech made by Senator Chamberlain, at a luncheon in New York, on Saturday, he inquired immediately of Senator Chamberlain whether he had been reported correctly and on ascertaining from the Senator that he had been, the President made the following statement:

"Senator Chamberlain's statement as to the present inaction and ineffectiveness of the Government is an astonishing and absolutely unjustifiable distortion of the truth."

"As a matter of fact, the War Department has performed a task of unparalleled magnitude and difficulty with extraordinary promptness and efficiency. There has been delay and disappointment and partial miscarriages of plans, all of which have been drawn into the foreground and exaggerated by the investigations which have been in progress since the Congress assembled—investigations which drew indispensable officials of the department constantly away from their work and officers from their commands and contributed a great deal to such delay and confusion as had inevitably arisen. But the comparison with what has been accomplished, these things, much as they were to be regretted, were insignificant, and no mistake has been made which has been repeated. Nothing helpful or likely to speed or facilitate the war tasks of the Government has come out of such criticism and investigation."

"I understand that reorganizations by legislation are to be proposed—I have not been consulted about them and have learned of them only at second hand, but their proposals came after effective measures of reorganization had been thoughtfully and maturely perfected, and, inasmuch as these measures have been the result of experience, they are much more likely than any others to be effective, if the Congress will but remove the few statutory obstacles of rigid departmental organization which stands in their way."

"The legislative proposals I have heard of would involve long additional delays and turn our experience into mere lost motion. My association and constant conference with the Secretary of War have taught me to regard him as one of the ablest public officials I have ever known. The country will soon learn whether he, or his critics, understand the business in hand."

"To add, as Senator Chamberlain did, that there is inefficiency in every department and bureau of the Government, is to show such ignorance of actual conditions as to make it impossible to attach any importance to his statement. I am bound to infer that that statement sprang out of opposition to the Administration's whole policy rather than out of any serious intention to reform its practice."

SPRAINS! RUB PAINS AND SWELLING AWAY.

Don't Suffer! Go About Your Duties—Relief Comes the Moment You Apply "St. Jacob's Liniment."

Don't stay crippled! Rub this soothing, penetrating liniment right into the sprain, ache or strain, and out comes pain, soreness, stiffness and swelling.

Nothing else penetrates, heals and strengthens the injured muscles, nerves, tendons and ligaments so promptly. It doesn't burn or discolor the skin and can not cause injury. Don't suffer! Get a small bottle from any drug store now—limber up! Rub the misery right out. A moment after "St. Jacob's Liniment" is applied you can not feel the slightest pain or soreness, and you can go about your regular duties.

"St. Jacob's Liniment" conquers pain. It has been used effectively for sprains, strains, soreness and stiffness for 60 years—six gold medal awards. (adv)

Prophecy Came True.

A story is told to the effect that Simon Bolivar, when he was a child of seven, had for a playmate in Spain, a boy of about his own age named Ferdinand, the future Spanish King. One day, while engaged in a game of battledore and shuttlecock, a stroke from young Bolivar knocked the cap from Ferdinand's head. Whereupon an old nurse, who witnessed the occurrence, and who was deemed a soothsayer, declared that some day Bolivar would knock the crown from the king's head. Which feat he certainly did accomplish, so far as South America was concerned.

BAD COLD QUICKLY BROKEN UP

Mrs. Martha Wilcox, Gowanda, N. Y., writes: "I first used Chamberlain's Cough Remedy about eight years ago. At that time I had a hard cold and coughed most of the time. It proved to be just what I needed. It broke up the cold in a few days, and the cough entirely disappeared. I have told many of my friends of the good I received through using this medicine, and all who have used it speak of it in the highest terms." Obtainable everywhere. (adv-Jan)

SOCIAL AND PERSONAL.

Comings and Goings of Our People Here, There and Elsewhere.

—Mr. Stanley Price was a guest of friends and relatives in Cincinnati, Monday.

—Miss Maude Wilson was a guest several days this week of relatives in Winchester.

—Mrs. I. L. Price is in Chicago, as a guest of her daughter, Mrs. Carroll A. Teller and Mr. Teller.

—Mrs. Elizabeth Beasley, of Clintonville, has as guest her daughter, Mrs. Ray Harris, of Tulsa, Oklahoma.

—Mr. and Mrs. Clyde Richards entertained Monday at their home in White Addition for a party of friends.

—Mr. and Mrs. Louis Rogers have returned from a visit to Mrs. Rogers' sister, Mrs. J. M. Alverson, in Georgetown.

—Mrs. Brown Lee Yates and son, of Paris, are visiting the family of Mr. J. Collins Yates, at Bashfield, in Madison county.

—Mr. and Mrs. James Adair have returned to their home at Mayslick, in Mason county, after a visit to relatives in this county.

—Withers Davis and I. L. Price attended the meeting of the Kentucky Retail Clothiers' Association, held in Louisville, Wednesday.

—Mrs. Willis Liver and son, Willis Rash Liver, of near Clintonville, are guests of Mr. and Mrs. Warren A. Bacon, near Demopolis, Alabama.

—Mr. Frank Farmer, of Harri-man, Tenn., is a guest of his wife, who is visiting her parents, Mr. and Mrs. James W. Earlywine, on Main street.

—Miss Nannie Brent O'Neill left yesterday for Dayton, Ohio, where she will take a position as stenographer in the office of a large insurance company.

—Miss Evelyn Smith, of near Paris, has resigned her position in the Fayette National Bank at Lexington, and has accepted a position in the Farmers' Bank, at Clintonville.

—Miss Mayme Fitzgerald, a popular member of the Cumberland Telephone Co.'s operating force, who has been very ill at her home on South Main street for several weeks, is improving.

—Mrs. J. Curtis McShane, formerly of Paris, sustained broken bones of the right wrist by a fall on the icy pavement in Cleveland, Ohio, recently. Mrs. McShane has many warm friends in Paris, who will regret to learn of her accident.

—Miss Jessie Spencer, of Lexington, who had been a guest of her sister, Mrs. Wm. B. Ardery, Jr., went back to Lexington for a few days' stay. Miss Spencer returned yesterday, and will be a guest of Mr. and Mrs. Ardery, whose children are ill with the whooping cough.

—Misses Elizabeth and Charlotte Henry were recent hostesses at their home on Cypress street at a house party composed of the following young people: Misses Sarah Gayle Furnish, Frances Regan and Tommie Johnson, of Georgetown, and Patsy Clark, Charlina Ball and Virginia Cook, of Paris, and Misses John Henderson, Olin Jennings, Jas. Moss, Harry Moore and Forrest Ragsdale.

(Other Personals on Page 5).

Drying Foods.

The process of drying as means of preserving food for storage possesses great advantages over canning and cold storage, while employing practically every advantage obtained by those agencies, says a food specialist. Dehydration greatly diminishes both the bulk and weight of the material, making it both easier and cheaper to store and transport. The food value is concentrated, while at the same time preservation is secured by the removal of the water.

Russia Originally Democratic.

Six hundred years ago it was the old Russia that arose out of Rurik the Norman's conquests, and had its capital at Kiev. There were czars and overlords after a fashion. But the real government of Russia was in the market place at Kiev and of every little town and village on the great wide steppes, where on the great days of the year the people gathered together, warriors, traders, women, too, chose their local officials. The original heart of Russia was democratic to the core.

Could Live on Bananas Alone.

The exotic but always accessible banana is essentially sanitary—no germs can touch it. Like the apple, it can be served raw or cooked to please the most capricious palate. Like the onion, it provides the highly necessary mineral salts. And, like meat and milk, it has a high fuel value—slightly less than the one, slightly more than the other. Man cannot live by bread alone, but he could by bananas alone—if he had to.

Grave Insult.

Mrs. Klawler—"Then you and young Mr. Sharp are not on speaking terms any more?" Mrs. Blunderby—"No, indeed. The last time I met him I told him my husband had locomotive atack-sis, and the young whippersnapper had the impudence to ask if he whistled at passengers."

EATS ANY KIND OF FOOD SINCE TAKING TANLAC

Kentucky Woman Tells How Tanlac Put Stomach Back in Shape.

"It used to be that eating food like beans, cabbage or onions would make me sick at my stomach, but since I've been taking Tanlac I can eat anything I want," said Mrs. Mary Hunter, 110 Gray street, Louisville, Ky.

"I always had gas in my stomach after eating before I tried Tanlac, and I'd feel bloated," Mrs. Hunter continued. "My appetite was very poor, too, and sometimes I had pains in my stomach."

"I felt draggy and tired out and it was hard for me to get at my work. I got up in mornings feeling tired and sometimes I'd get up with a headache that would last all day. 'Somebody told me that Tanlac was good for the stomach and finally I tried it. Before I had taken all of the first bottle I saw I was getting better. I kept on taking Tanlac though until I had taken three bottles in all and now my stomach is back in fine shape. I can eat any kind of food I want now and I'm really feeling well again."

Get Tanlac to-day if you are not feeling right. Tanlac has helped thousands of run-down men and women and it will do for you what it has done for others. You can get Tanlac at G. S. Varden's drug store. (adv)

CAN'T GO WRONG WITH LUCKY DIME TIED TO ANKLE.

When fifteen or more negroes were being examined at Camp Travis, near San Antonio, Texas, recently the medical officers discovered many of them had a string about their ankle, and that the string held a silver dime. The officers asked the reason.

"Don't you know that's for good luck," one black responded. "You can't get shot as long as you wear a lucky dime."

"Well, why wear it around your ankle?" continued the questioner. "Why not wear it around the neck or carry it in your pocket?"

"That's to guide your feet in the right direction," replied the negro. You just can't go wrong, that's all."

Judging by the activity of Mexican cattle thieves they are tired of meatless days in Mexico.

WHY HAVE ROUGH UGLY HANDS

Marinello Rose Leaf Jelly will keep them smooth, white and delightfully scented. It is absorbed quickly—leaving the skin without any trace of oiliness. It may be used a dozen times a day with good results. Free sample and demonstration or send two cents to cover cost of mailing trial package and booklet on "Care of the Skin."

DEATHS.

WILLIS.

Mrs. J. T. Willis, aged seventy-five, died at her home at Spears Mill, yesterday, at 4 o'clock, from the infirmities of old age. Mrs. Willis was a very estimable and Christian woman, and was a general favorite with those who knew her. She is survived by three children, Mrs. Steele Marsh, of Paris, and Messrs. J. M. Willis and J. T. Willis, of Spears Mill. The burial will be held in the Paris Cemetery at 11 o'clock to-morrow, services being conducted by Rev. W. E. Ellis. No flowers.

SMITH.

Mrs. George Smith, aged sixty-eight, died Wednesday at her home in Georgetown, after an illness of five years from tuberculosis. Besides her husband, retired farmer, she is survived by five daughters and four sons, one of the latter, Mr. Louis Smith, residing in Bourbon county.

The funeral was held at her late residence in Georgetown at eleven o'clock yesterday morning, with services conducted by Rev. L. F. Fichtmaster. The burial followed in the Georgetown Cemetery. The pall-bearers were Lee Collins, Geo. Peters, G. W. Lusby, Gordon Lusby, Robert Ellis and Jos. Lusby.

ABNEE.

Mr. John Milton Abnee, aged sixty-two, one of the best-known men in the tobacco trade in Central Kentucky, died Wednesday afternoon in St. Joseph's Hospital, in Lexington, after an illness of five weeks. Mr. Abnee had been actively at work in his business until about five weeks ago, when he was taken to the St. Joseph's Hospital, where he remained to the time of his death.

Mr. Abnee was a native of Nicholas county, where he spent his younger days. When the family moved to Paris he became interested in the tobacco business. He was for a long time associated with Mr. W. T. Overby in the tobacco trade and later branched out for himself. His accurate knowledge of tobacco made him a valuable business associate, and his services were always in demand. In recent years he became a partner of Mr. Louis Mussion in the tobacco business in Paris, under the firm name of Abnee & Mussion. The firm leased the big tobacco warehouse on Pleasant street, between Tenth and Eleventh, where they had a flourishing business. Mr. Abnee had for a few years past made his home in Lexington, where he also had an extensive tobacco business.

Mr. Abnee is survived by three brothers, Robert Abnee, Charles Abnee and Clarence Abnee, all of Blue Lick Springs in Nicholas county, and two sisters, Mrs. Fannie Hildreth, of Ewing, Ky., and Mrs. H. M. Marlow, of Norwood, Ohio. He was an uncle of Mr. Victor Abnee, assistant foreman in the Lexington Herald composing room.

The body was removed from the Hospital to the Milward undertaking establishment in Lexington, and prepared for burial. The funeral will be held at the grave in the Paris Cemetery at ten o'clock this (Friday) morning, with services conducted by Rev. W. E. Ellis, pastor of the Paris Christian church. The pall-bearers will be: James McClure, E. B. January, Claude Redmon, S. Kenney Nichols, Dan W. Peed and James S. Douglas.

SCHOOLS TO STAY OPEN ON MON. DAYS.

There has been so much discussion of the effect of the "fuelless Monday" on the schools of the county that County Superintendent J. B. Caywood has asked State Superintendent V. O. Gilbert for an opinion. He received a reply to the effect that the order positively does not apply to the schools, and that they will remain open as usual on Monday.

RELIGIOUS.

The Presbyterian church will hold services Sunday morning at 10:45 o'clock, in the court house. The sermon subject will be "A Great Man Who Spoke in Error." There will not be a night service.

The Young Peoples' Missionary Society of the Methodist church will hold their regular monthly meeting at the church in the men's Bible class room, at 6:00 o'clock this (Friday) evening. Mrs. C. R. Alexander will be the hostess.

The monthly business and social session of the Woman's Bible Class of the Methodist church will be held at the home of Mr. and Mrs. N. H. Ecklar, on Scott avenue, at 2:30 o'clock, Monday afternoon. All the members of the class are requested to attend this meeting, which will be one of importance to all.

The Endeavor Society of the Christian church will meet in the church parlors Sunday night at the usual hour, 6:00 o'clock. The membership contest is now on. The subject for the Sunday night meeting will be "Christian Endeavor Goals and How to Reach Them." Leader, Miss Janet Lusk. The Mission Band will meet in the church parlors at 2:00 o'clock Sunday afternoon.

The Endeavor Society of the Presbyterian church will meet Sunday night at 6:30 at the court house. The subject will be "Christian Endeavor Goals and How to Reach Them." The membership contest is going on, and the attendance has been very gratifying. There were sixty-eight last Sunday night. The slogan, "Win the Contest." The public is cordially invited to attend these services.

CITY MAY OWN WATER WORKS SYSTEM.

Mayor E. B. January and City Attorney Denis Dundon are in correspondence with the officials of the Paris Water Company, the principal office of which is in Putham, Conn., looking to the sale of the Paris plant to the city at a price to be agreed upon later. The city is to pay for the plant by a bond issue, if the plans are carried out.

The local plant is now being operated without a franchise, the old agreement having expired about a year ago. An effort was made in 1917 to have the city renew the operating franchise of the company for a period of twenty years, but when the terms were announced and put into for to be voted on by the people at the November election a number of prominent citizens publicly opposed the measure, with the result that it was overwhelmingly defeated. Mayor January has announced himself as opposed to granting another franchise, and wants the city to own the plant, which produces an annual income of between \$22,000 and \$25,000.

TAYLOR HOME SOLD.

Mr. James W. Taylor, formerly connected with the Louisville & Nashville as passenger conductor, and more recently a member of the grocery firm of Taylor & Jordan, has sold his handsome home near the corner of High and Thirteenth streets, for a private price, to Mr. Bernard Santen, of the First National Bank. The sale was made through Mr. Ossian Edwards, of the Bourbon Realty Co. Possession will be given on March 1, 1918. Rumor has it that Mr. Santen was ably assisted by Dan Cupid in selecting a home, and that the "little blind god" will soon preside at another important event.

BOARD MEETING AT "Y" SATURDAY.

The Board of the Paris Federation of Women's Clubs will meet at the Y. M. C. A., Saturday, at 2:30 p. m. A full attendance is desired.

CYNTHIANA PUBLIC SCHOOL DESTROYED BY FIRE.

Representatives of the State Fire Marshal's office at Frankfort are conducting an investigation of the fire which destroyed the Cynthiana High School building, Monday night. The building, which was valued at \$6,000, was discovered on fire about eight o'clock Monday night, and was entirely destroyed. No cause was then known for the blaze.

The fire had gained such headway when the Cynthiana fire department arrived at the scene that all their attempts to save the structure were unavailing. All the records of the Board of Education, together with a valuable library, were destroyed in the flames. None of the contents of the building was saved. One of the pupils, who attempted to save a small sum of money left in the office of the Board of Education, was overcome by the smoke, but was rescued by the firemen.

It was at first thought that the furnace had become overheated and various other reasons were assigned. The general theory is that the fire was of incendiary origin.

The Cynthiana Democrat says: "The reflection from the fire was seen on the clouds for many miles, and numerous inquiries were made by wire and telephone as to its situation. Parties in Paris, fourteen miles away, telephoned over to know if the whole town was burning. There was some thought at first of appealing to Paris for assistance, but the fire spread so rapidly that help could not have arrived here in time to do any good."

FANNY WARD MONDAY IN "ON THE LEVEL."

Monday afternoon at the Alamo Theatre, and at the Grand in the evening will be presented famous Fannie Ward in her new photoplay directed by George H. Melford and released by Paramount "On The Level."

This is a photoplay that will have an especially universal appeal because of the diversity of characters and places shown. From "cultured" easterner to western miner and cowboy and the dance-hall girl—they are all in the picture sooner or later and many more. Each character has been painted as with the skilled brush of a famous artist by director George H. Melford, who has been responsible for many of Miss Ward's previous successes, such as "The Crystal Gazer," which was the very popular picture preceding "On The Level."

STATE BOARD TO MEET AT LEXINGTON, JAN. 29.

A meeting of the State Board of Agriculture will be held in Lexington on Jan. 29 during the Farmers' Week meetings at the University of Kentucky. Arrangements at the Phoenix Hotel have been made for the following members who are expected to be there: Hon. Mat. S. Cohen, State Secretary of Agriculture; T. L. Hornsby, Eminence, J. H. Harris, Kevil; F. R. Blackburn, Stanton; L. Lewis Letterel, Harrod's Creek; J. R. Rash, Henderson; J. M. Elliston, Glencoe, and F. T. Kraemer, Louisville, and Mrs. Christie Park, of Frankfort, secretary to Mr. Cohen. Senator H. M. Forman, of Lexington, is also a member of the board.

ODD FELLOWS TO MEET IN WINCHESTER.

Bourbon county lodges of Odd Fellows will send delegations to the District I. O. O. F. meeting which is to be held in Winchester, on February 5. The district is composed of seven counties—Woodford, Fayette, Clark, Nicholas, Montgomery, Bath and Bourbon.

Grand Master Beckham Overstreet will be present, as will Grand Secretary R. G. Elliott, and a splendid program will be presented. At this meeting Col. R. R. Perry, of Winchester, who has been a member of the order for fifty years, will be presented with a handsome jewel.

BIRTHS.

—To the wife of Edward Owsley, near Ruddles Mills, a son, sixth child.

—Near Ruddles Mills, to the wife of Mr. John B. Smith, formerly Miss Belva Hill, of Paris, a son.

—To the wife of Mr. Sidney Ardery, Jr., on Houston avenue, Monday, a daughter. Mrs. Ardery was formerly Miss Mary Baird, of South Charleston, Ohio.

THREE KENTUCKIANS GIVEN CARNEGIE MEDALS.

Twenty-six acts of heroism were recognized by the Carnegie Hero Fund Commission in its fourteenth annual meeting at Pittsburg, Wednesday.

In seven cases silver medals were awarded; in nineteen cases bronze medals. Ten of the heroes lost their lives, and to the dependents of nine of these pensions aggregating \$4,560 a year were granted. In addition to these money grants, in two cases \$2,100 was appropriated for educational purposes, payments to be made as needed and approved; and in eleven cases awards aggregating \$8,000 were made for other worthy purposes. Payments in these cases will not be made until the beneficiaries' plans for the use of the award have been approved by the Commission. Medals were awarded to the following Kentucky men:

Joseph L. Pilkenton, Broadhead, Ky., saved Vivian B. Albright, aged five, from being killed by a train at Broadhead, Ky., April 16, 1916.

E. Wayne Cooper, South Portsmouth, Ky., saved Bertha M. Reeder, aged three, from being killed by a train at Beattyville, Ky., October 1, 1916.

Charles A. Stamper, Gratz, Ky., assisted in attempt to save William P. Marion, aged 36, and Bailey G. Hall, aged 23, miners, from suffocation in mine at Gratz, Ky., December 6, 1916.

SALE TUESDAY AT 2 P. M.

The Withers Davis residence on Pleasant street will be sold publicly at 2 p. m. Tuesday.

BURGESS WILL PROBATED.

The last will and testament of the late Mr. Quincy Burgess, who died at his home near Hutchison, was admitted to probate before County Judge George Batterton, in the County Court. By the terms of the document, all the testator's property is devised to his widow, Mrs. Bessie Burgess, who was named as executrix without bond.

Mrs. Burgess was confined to her home near Hutchison by illness and being unable to appear to qualify, Dr. Logan Gragg, of Hutchison, was appointed by the Court as administrator of the estate.

PLEASED WITH REUBEN.

In his editorial comment in his paper, the Carlisle Mercury, Editor Warren E. Fisher, says of "our Reuben:"

"Have to take back what we said about Reuben Hutchcraft's physiognomy frightening the Germans. The Kentuckian-Citizen carries a picture of Lieutenant Hutchcraft, now in France, that clinches the argument of those who favor military training for the young men. If that's the way Reuben looks in his khaki suit and Sam Brown belt, we are likely to see him come sailing home with some pretty malmeselle when this horrid old war is over."

FOR SALE

Handsome set of furniture for "den." Consists of cellarette, double settee, with table attachment, floor clock, secretary, center table, etc. Set is finished in mission and is good as new. Can be bought at a bargain. Call at THE BOURBON NEWS office. Both phones 124. (tf)

MORE TIME GIVEN FOR CLOSING
KENTUCKY FUTURITY.

The directors of the Kentucky Trotting Horse Breeders' Association have decided to change the day for closing the Kentucky Futurity from April 1 to April 15, and the day for naming the foals from Jan. 1 to Jan. 15. The change from April 1 to April 15 was made because by April 15 the owner of a mare can tell almost positively whether she is with foal; and that from Jan. 1 to Jan. 15 was brought about by the fact that many breeders take a holiday on New Year's and overlook the fact that they have to name their foals on that day to keep them from being declared out.

PRISONERS RELEASED

James Phillips and Jeff Barnes, both colored, sentenced from Bourbon to the Frankfort Reformatory, on charges of grand larceny and incest respectively, have been released, having completed their terms of two years each.

ALLEGED BOOTLEGGER JAILED

Patrolman Geo. W. Judy returned from Lancaster, Wednesday, having in charge a negro named Tom Adams, wanted here on an alleged bootlegging charge. Adams was placed in jail to await trial. He had just been released from the Lancaster jail, where he had served a sentence of 150 days on a similar charge.

QUALITY, OR PRICE?

While many firms guarantee their goods to be "as represented," ours are guaranteed to GIVE SATISFACTION.

Quite a difference when you come to think it over.

The lowest-priced goods and the inferior goods may be "as represented," but the quality is not there. They are cheap in price and cheap in quality, for one cannot get something for nothing.

The seasonable goods offered below are the highest quality at the right price.

Brooks' Cold Tablets 25c per box
Contains no harmful drugs. A simple but effective remedy.

Penslar White Pine and Spruce Balsam
25c and 50c per bottle

SIGN YOUR NAME TO COMMUNICATIONS.

Hundreds of times THE NEWS has stated that every communication to this paper which does not bear the writer's or the author's signature, will be refused publication. It is absolutely necessary that we know the author. No anonymous communication will be printed in THE NEWS.

NOTICE TO PATRONS IN BUSINESS SECTION OF THE CITY.

In order that we may deliver the mail to business houses that close on account of the fuel conservation program, each patron is requested to erect a suitable receptacle for the deposit of their mail. This will be of great advantage to both the patrons and carriers and will avoid confusion and delay.

J. WALTER PAYNE,
Postmaster.

NOTICE TO FARMERS

The United States Government will sell to farmers only for cash, at cost, 100,000 tons of nitrate of soda. The cost to farmers will be \$75.50 per ton plus freight charges and the State fertilizer tag fee.

Any farmer desiring to purchase a portion of this nitrate should place his application on or before Monday, February 4, 1918, with L. S. Robbins, Emergency Demonstration Agent, Lexington, or one of the following: County Attorney David D. Cline, County Judge George Batteredton, Bourbon-Agricultural Bank & Trust Co., at Paris.

D. CLYDE McNAMARA IN NEW POSITION.

Mr. D. C. McNamara, former Parisian, who has for several years been Eastern representative of a Grand Rapids, Mich., furniture concern, with headquarters in Arlington, Mass., sends THE NEWS the following announcement card:

"The Pittcain Varnish Company announces the appointment of Mr. D. C. McNamara as manager of our furniture trade sales, devoting his entire attention to the furniture and piano manufacturers' requirements, Milwaukee, Wis., Newark, New Jersey."

MODERN HOME FOR SALE.

Read over the advertisement of the modern home that is offered for sale by Ossian Edwards, Real Estate Exchange. Every convenience and is located on Main street.

(25-2t)

GEORGETOWN DEFEATS PARIS.

The Georgetown News says of the basketball game played between the Georgetown College team and the Paris High School team at the Y. M. C. A. gymnasium last Saturday night:

"At Paris, Saturday night, the Georgetown College Tigers defeated the Paris Y. M. C. A. by a score of 28 to 22, notwithstanding 'Slim' Taylor, star center, Ira Porter and Elley Blackburn were not on the team, otherwise the score would have been much larger. Manager Ed Bowmar and Coach Hinton are to be congratulated on their splendid victory and it is to be hoped that in our next issue that we can chronicle the fact that the 'Tigers' defeated the Bereans here Monday night. Last night Marshall Adams, captain of the team, probably played his last game, on account of his entering the radio service of the government."

THE NEWS TO CONTINUE ON MONDAYS AS USUAL.

As THE NEWS is published on Monday night of each week, and dated Tuesdays, the office will be open for business on each Monday as usual, not being affected by the recent closing order issued by the Fuel Commission. By special ruling of Fuel Commissioner Wiley Bryan, of Louisville, newspaper offices are allowed to burn fuel on fuelless Mondays for the purpose of getting out their regular editions of the papers.

They are not, however, authorized to do job printing or even to take orders for that line of work on Mondays during the fuelless period, that part of the business coming under the head of manufacturing enterprises. This ruling was obtained at the solicitation of the Blue Grass Publishers' Association, of which Mr. James M. Allen, of the Cynthiana Democrat, is editor, and Mr. D. M. Hutton, of the Harrodsburg Herald, secretary. All the papers in the Association received notices last Saturday to the above effect, and are expected to adhere to it strictly in the future.

SOCIAL AND PERSONAL.

Comings and Goings of Our People Here, There and Elsewhere.

—Mr. W. Ed. Tucker leaves this week for a business trip to the Eastern markets.

—Mr. and Mrs. Harry Simon leave this week for New York to purchase stock for the Simon Department Store.

—Mr. B. A. Frank left this week for New York where he will purchase the Spring stock for the firm of Frank & Co.

—Mr. and Mrs. Phelps Renick, of Winchester, have gone to Baltimore, Maryland, where Mrs. Renick will undergo medical treatment at a Baltimore hospital. Mr. Renick is a grandson of Mrs. W. H. Renick, of Paris.

—Mr. and Mrs. E. M. Baird, of South Charleston, Ohio, have arrived to be with their daughter, Mrs. Sidney Ardery, Jr., who has been seriously ill at her home on Houston avenue. Mrs. Ardery was somewhat improved yesterday, with prospects good for recovery.

—Several from Paris attended the dance at the Knights of Columbus Hall, in Lexington, Tuesday evening by the Terpsichorean Club. About one hundred and fifty guests were present. Music for the dancers was furnished by a Lexington saxophone orchestra.

—Carlisle Mercury: "Mr. and Mrs. Claude Saunders were guests of relatives in Bourbon county and Lexington from Saturday until Wednesday. * * * Miss Ruth Soper, of Bourbon county, is the guest of Miss Lucille Burnaw. * * * Mr. James Hardy, of Paris, is visiting friends in Carlisle."

—The East Coast, Florida, Daily News, says: "Noticeable among the prominent arrivals of the week are the Misses Margaret Cleveland and Stella Cook and Mrs. Cook, of Cynthiana, Ky., and Mr. and Mrs. E. C. Cleveland, of Paris, Ky., who are here for the season. Mr. Cleveland and Master Cromwell are touring in Tampa during the week."

—Mr. and Mrs. Jesse Turney gave a linen shower yesterday at their home near Paris for Miss Margaret Willis, of Paris, who is soon to become the bride of Mr. Vaughn Drake, of Winchester. Among the out-of-town guests were Messrs. Mitthoefer, P. Y. Drake, Robert Taylor and Winston Prewitt, and Misses Anna Coleman VanMeter and Beulah Drake, all of Winchester.

(Other Personals on Page 3)

IN THE SERVICE OF THEIR COUNTRY.

Dr. W. C. Worthington, of Clintonville, will leave to-day for Ft. Riley, Kansas, where he will become a member of the Base Hospital Corps in training there.

Corporal Will Hill, who has been visiting relatives near Shakespeare, returned Wednesday to Camp Zachary-Taylor, near Louisville.

A message from the War Department at Washington to Mrs. Lizzie Herrick, of Frankfort, told of the death of her son, Ovid Herrick, aged nineteen, in France. The message gave no particulars beyond stating that he died from gunshot wounds. Young Herrick enlisted at Ft. Thomas in July. He has relatives in Bourbon county. The last heard from him was in October.

Eugene A. Bradley, of Georgetown, son of County Surveyor J. N. Bradley, and formerly professor in the Georgetown College, has enlisted in the Aviation Corps of the U. S. Army service as photographer. He is related to Commonwealth's Attorney Victor A. Bradley.

Mr. Jesse L. Harris, of Paris, wrote to his parents, Mr. and Mrs. L. D. Harris, that he had enlisted in the army service and had been assigned to the Quartermaster's Corps at Camp Joseph E. Johnson, near Jacksonville, Florida. Young Harris enlisted at the Lexington recruiting station.

A personal letter from one of the Bourbon county boys at Camp Zachary Taylor to a friend here says that strict orders have been issued to the enlisted men and officers at Camp Taylor, warning them to maintain secrecy regarding all military activities at the cantonment. The order says:

"Grave and avoidable danger to the safety of our forces and the success of our operations is being caused by the giving of information by officers and enlisted men to members of their families, their friends, and the public in general."

MOVIE HOUSE OPEN MONDAY, CLOSES TUESDAY.

It may take Paris people some time to get used to the reversal of days for opening and closing the Paris Grand and the Alamo. Many of them are even yet unaware of the change. THE NEWS is asked to give publicity to the change. The houses will be open on Mondays as usual for the afternoon and evening performances, but will be closed on Tuesdays. The change was made in order to accommodate hundreds of patrons whose places of business are closed on Monday in obedience to the "fuelless Monday" closing order issued by National Fuel Commissioner Garfield. Remember the change in days—open Monday and closed Tuesday.

PARIS BOWLING LEAGUE.

The T. W. Spicer team took the bacon from the Bourbon Laundry's meat house in the game at the Fordham Alleys Monday night by putting a majority of 198 over them. There was several good scores made. Thomas Funk, of the Laundry team, bowling a clean 220 in the second game. The score follows.

ROOSEVELT ATTACKED IN SPEECH BY SENATOR STONE

WASHINGTON, Jan. 24.—Characterizing former President Roosevelt as "the most potent agent the Kaiser has in America" and the "most seditious man of consequence in America," Senator Stone, addressing the Senate, Monday, charged that Republican leaders are engaged in a studied effort to make politics out of the war. Their object is to "take the government over in their own hands," by partisan criticism of the conduct of the war, he declared.

Senator Stone's address, carefully prepared, the first of political significance made in Congress since the United States entered the war, and regarded as the forerunner of bitter partisan strife, exonerated partisanship in the war. Besides Col. Roosevelt, the Missouri Senator, named Chairman Wilcox, of the Republican National Committee and Senator Penrose among Republican leaders as his "witnesses" to the political plot he alleged. Investigations by Congress of war operations, Senator Stone declared, have almost entirely been launched by the Republicans and adroitly exploited for partisan purposes.

Citing statements of the Republican leaders regarding the political plans and editorials of Col. Roosevelt, which, he said, are "villainous screeds," published for money, Senator Stone declared:

"On my responsibility as a Senator, I charge that since our entrance into the war, Mr. Roosevelt, by his attacks on the government, has been a menace and obstruction to the successful prosecution of the war.

"The only possible effect of these widely published utterances of this man," said Senator Stone, "has been, as they were designed to be, to discredit and bring the government into public disfavor and weaken its hold on popular confidence. That seems to be the Rooseveltian standard of patriotism."

Similar utterances made by less powerful citizens, Senator Stone asserted, would subject them to prosecution for disloyalty.

"Of all men," the Missouri Senator continued, "Roosevelt is most responsible for what he denounces. He does his work cunningly. In the front of his propaganda he throws a deceptive political camouflage. I charge that Theodore Roosevelt, whether willingly or out of sheer madness, I do not know, is the most potent and willing agent the Kaiser has in America.

The Republican plans he cited, Senator Stone said, have been "adroitly directed."

"Many, if not all Republican Senators," he asserted, "are acting in manifest concert with dominant Republican leaders throughout the country to make politics out of the war."

ONE DOSE RELIEVES A COLD—NO QUININE

Pape's Cold Compound" Ends Bad Colds or Grippe in a Few Hours.

Relief comes instantly. A dose taken every two hours until three doses are taken will end gripe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffling! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Be sure you get the genuine. (adv)

WAR ECONOMIC CAMPAIGN STIMULATING BUSINESS.

Results of the government's war economy campaign were shown by the Federal reserve force's monthly report of business conditions. Although Christmas buying was about equal to that of other years, there was a marked tendency to buy useful gifts. The sale of luxuries was far below normal.

On the other hand, thousands of laborers who are making better wages than ever before, appeared to spend freely and many localities attributed their maintenance of retail business to these classes.

General business conditions are reported excellent with war industries very busy and a number of less essential industries showing signs of falling off. Bank clearings have increased in most localities. Construction was dull nearly everywhere.

Deceiving. It is as easy to deceive one's self without perceiving it as it is difficult to deceive others without their finding it out.—Rochefoucauld.

WOMEN OF SEDENTARY HABITS

Women who get little exercise are likely to be troubled with constipation and indigestion and will find Chamberlain's Tablets highly beneficial. Not so good as a three or four mile walk every day, but very much better than to allow the bowels to remain in a constipated condition. They are easy and pleasant to take and most agreeable in effect. Obtainable everywhere. (adv-jan)

HIGH COST OF SNOOZING

In a health magazine which recommends the sleeping porch as a means of attaining fine health there is advice as to equipment. It is stated that the widespread prejudice against plenty of cold fresh air in one's bed chamber is due largely to the uncomfortable experiences of persons who have tried it without equipping themselves properly.

Two mattresses are better than one, the reader is informed, for like a dog who will sleep comfortably on straw without a cover, the human needs some warming from the wool blankets under the fresh air sleepers helps wonderfully to make the bed cosy. An eiderdown or wool comfort on top of some wool blanket, several pair of soft, light warm ones, outing cloth sheets and outing cloth "nighties" are necessities.

Fitting up a bed in such a manner would cost perhaps \$60 or \$80 nowadays. We cannot blame the head of a family of ten for sleeping in the old-fashioned, doubtless less healthful way, with a bit of crack opened for ventilation at one window, and the family's wraps laid on top of the quilts on zero nights to help out.

expensive luxury.

"CASCARETS" BEST IF HEADACHY, BILIOUS, SICK, CONSTIPATED

Best For Liver and Bowels, Bad Breath, Bad Colds, Sour Stomach.

Get a 10-cent box. Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels, or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret to-night will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet, breath right, complexion rosy and your liver and bowels regular for months. (adv)

KENTUCKIAN IN RUSSIA DRIVES OFF MOB.

Charles R. Crane, head of the American mission to Russia, in an address at St. Louis, recently, told how Ambassador David R. Francis, a Kentuckian, stood at the door of the American embassy at Petrograd and with a revolver in hand held off a mob.

Mr. Crane said that a mob, believing that a man named Muni, (in reality Mooney, the San Francisco dynamite suspect), was to be executed in this country—started for the American embassy. The Petrograd authorities warned Ambassador Francis by telephone that the mob was approaching. Guests begged the ambassador to flee with them, but he refused, said Mr. Crane. Mr. Francis told a negro servant to go get a revolver. With this weapon the ambassador met the mob at the door.

"Your government is going to hang our leader, Muni, and we are going to clean out the American embassy," said the leader.

"No; you are not," replied Ambassador Francis. "This is American soil and I will kill the first man who crosses the line." The mob disappeared.

Automobile Alarm Whistle. An alarm whistle to be mounted on an automobile cylinder valve cap is said to be about ten times as powerful as the type sounded by a car's exhaust.

State of Ohio, City of Toledo, Lucas County, ss.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATARRH MEDICINE.

FRANK J. CHENEY. Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1886.

A. W. GLEASON, Notary Public. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system. Send for testimonials, free.

Catarrh of Stomach Did Not Know It

Mrs. Selena Tanner, Athens, Ohio, writes: "I cannot find words to express my thanks for your kind advice. I never once thought I had catarrh of the stomach. I commenced taking Peruna, as you directed. My stomach continued to hurt me for about two weeks after I began the medicine, and then it stopped. I now have a good appetite, while before I was nearly starved."

Those who object to liquid medicines can procure Peruna Tablets.

PERUNA
Made Me Well

COLLAPSE OF PRINTING INDUSTRY IS THREATENED.

Demoralization of the printing ink industry of the United States is threatened by the embargo on the shipment of carbon black, a principal ingredient, ordered some time ago by the Federal Priority Board, and publishers of newspapers, magazines and all other users of printing ink soon will be vitally affected, according to a statement issued by Philip Ruxton, president of the National Association of Printing Ink Manufacturers.

President Wilson has been asked to bring about a modification of the Priority Board's order, which by failing to include carbon black among the materials that may be accepted for shipment by railroads, makes it impossible for ink makers to obtain supplies of that product, Mr. Ruxton said.

"If we do not get immediate relief there will be no ink for daily papers or publications of any kind, nor for any commercial purpose whatever," reads a telegram sent to the President by Ruxton. "A grave crisis faces all industries because of our inability to get raw material for printing ink," it continued. "Neither Robert S. Lovett nor the Car Commission makes replies to our appeals. We must have carbon black from Virginia at our sixty plants."

making every pound of printing ink used in America. Can we get any assurance that Washington officials will help us out of this dangerous situation?"

"While we realize," Mr. Ruxton said in his statement, "that almost every industry is insisting that the supplies it needs are vital to the nation's war programme, seemingly all departments of the Government fail to realize that unless their printer can supply them with necessary printed forms and unless publicity of all kinds can continue in the daily press the whole fabric of industry and war activities must necessarily collapse."

Sports Do Not Injure Heart. Surgeons in Europe who have used X-rays to test athletes' hearts have decided that athletic sports, if properly conducted, do not injure that organ.

THE GIST OF IT. "Last December I had a very severe cold and was nearly down sick in bed. I bought two bottles of Chamberlain's Cough Remedy and it was only a very few days until I was restored to health," writes O. J. Metcalf, Weatherby, Mo. If you would know the value of this remedy, ask any one who has used it. Obtainable everywhere. (adv-jan)

SHE WAS A PROUD WAITRESS

Girl Drafted to Meet an Emergency
Declined to Pick Up Fork
Dropped by Guest.

The pride of the average American girl is quite as noticeable among farmers' daughters as any other class. This is illustrated by the experience of a resident of a neighboring state who, according to Osteopathic Magazine, with a week-end company of guests on his hands, was left on Saturday without a waitress to serve the elaborate meals that had been planned. After a good deal of persuasion he succeeded in getting the consent of a neighboring farmer's daughter to help out in the emergency although she had never done anything of the kind. He assured her she would be well paid and that all she would have to do would be to answer the call of the bell, perform the required service and leave the room.

As the company was seating itself at the table one of the men hit a fork with his elbow, knocking it to the floor. The host touched the bell and as the door into the kitchen opened and the girl stuck her head inquiringly into the room, he said: "The gentleman dropped a fork," indicating the location with a motion of his hand.

The girl stepped fully into the room and with mingled astonishment and indignation said: "You don't mean to say you rung that bell just to have me come in and pick up that fork, do you? Of all things! If he's too lazy to pick it up himself, you can let it lay there. I won't touch it." Then she made a hurried exit, banging the door.

Hilarious is a mild term to apply to the uproar that followed, and the discomfited host joined in the merriment.

FAMILY OF SQUIRREL PETS

Four Half-Grown Red Bunnies in Possession of Maine High School Student Are Privileged Characters.

The liveliest pets, perhaps in all Maine, are four half-grown red squirrels, the proud possession of Morris Rich, a student in Hallowell High school, observes the Kennebec Journal. The squirrel and her babies were captured when the latter were too young to know a nut from a doughnut—but they are experts on the question now. The mother escaped, but the youngsters know a good thing when they see it, and they seem to have no intention of quitting the place where food is plenty and a warm nest always inviting.

They whisk up the furry legs of "Lady," the dignified colie, scurry across her back, perhaps to leap from there to the shoulder of some member of the family. They "sass" the cat to her face and she seems to understand that they are privileged characters. They are fond of chocolate and are neither diffident nor lack "cheek" when their wonderful little smellers tell them that something good is on the family table. But the fun begins when there is only one piece for two scrappy, perfect, perfectly healthy and determined young squirrels.

They are "fighting blood" from ear tips to toenails, and the air is full of squirms and squeals right away after war is declared. When the kicking and fancy tumbling ends both contestants are discovered to be sitting up, calmly and serenely nibbling at the booty gained or saved—no evidence of altercation or resentment anywhere.

Why Is a Guinea Hen?

Whoever designed the guinea hen and composed the music for her vocal organs must have used a rasp for the tuning fork. Guinea hens and their husbands are alike in appearance; when you've seen one you've seen the other. Their plumage is of one and the same piece of goods like the Quakers'. If ever you have indulged in filling the teeth of a cross-cut saw you've heard the synonym of her melody. Nature produced this variety of fowl and the farmer who gives her board and lodging is no good Christian. I say this because any man who sells you a guinea hen as youthful and tender, has designed to skin you. I have a dim recollection of tasting one many years ago, and I will say this—the gravy was quite tender.

A group of guineas running to keep-out of harm's way, resembles a streak of ten-cent calico of somber hue, with polkadots. The guinea hen lays a very small egg with spots on it similar to those we see at cheap grocery stores in fly time.

The eggs have no rating in the commercial world. They are used exclusively for hatching more trouble.—Zim, in Cartoons Magazine.

For the Simple Life.

As a race, we are constantly dying before our time, and very often leading forlorn lives, making those around us miserable, simply because we are disobeying the simple laws of life, and among other things poisoning ourselves with bacterial infections, thus causing this very condition of auto-intoxication, writes Dr. W. H. Vail, in Christian Herald.

Our plea, first, last and all the time, is for the simple life, which is not necessarily a vegetarian diet, only it so happens that the vegetable kingdom supplies the best articles of diet, in our estimation. As we have said, add milk and eggs to the vegetables and you have the perfect diet. Eliminate the food stimulants, for they create an artificial appetite, thus leading people to eat more than the system can appropriate, and causing auto-intoxication, with its deadly results.

Food

will win the war

He who wastes
a crust of bread
prolongs the war

don't waste it!

RUSSIAN COLLAPSE

"We must not overlook the fact that Russia collapsed, not because of the Germans on her borders, but because she failed to organize and feed her own citizenship," the food administration announced.

"We must be warned that if we are to emerge victorious from this war we cannot risk the collapse of another of our associates in this war from this cause."

"Anybody that is looking for the collapse of the German people on the food question had better turn around and look at the moon, because the results will be the same. Germany is in no more danger of collapsing on that score than we are, if as much."

WHY WE MUST SAVE FOOD.

The 1917 wheat crop in France was less than half normal, using the crop of 1913 as a basis of comparison. There was a shortage of 176,000,000 bushels, or 53.3 per cent. The potato crop was only within one-third of normal. The sugar beet crop showed a deficit of 67.9 per cent. Her meat herds in the early fall showed a shortage of 1,800,000 animals.

Those are a few of the reasons America must feed her associates in the war. They are no longer able to feed themselves, and unless we come to the rescue are face to face with starvation. And starvation means defeat in the war.

R. HANCOCK BUYS HIGH CLASS BUNCH OF THOROUGHBREDS

A dispatch from Lexington, Sunday, states that Mr. Arthur B. Hancock, the well known Paris horseman, was the real purchaser of the horses knocked down to Capt. P. M. Walker, at the Wickliffe dispersal sale last week. The purchases made by Col. Walker totaled nearly \$5,000 worth of horse flesh, counting the choicest lot of which class thoroughbreds ever gathered together at a single sale. It is probable that the horses secured by Mr. Hancock at the Wickliffe sale will be quartered at his stock farm, near Paris. The dispatch says:

Arthur B. Hancock was the man for whom Capt. P. M. Walker bought a large number of the horses at the Wickliffe Stud sale last Tuesday. Among the thoroughbreds Mr. Hancock purchased, were Captain Walker bidding, were Midge, the dam of Luke McLuke; Belgravia, dam of Black Tony; Dominoes, dam Dominant and in foal to Delhi, the sire of Dominant; Elegance, daughter of Orme; Rahu, which will be raced this year under J. C. Milma's tutelage; First Class, a yearling by Utinut—Belgravia, and the choice Prince Palatine—Maroon Hood yearling, Regal Turban.

Mr. Hancock plans to breed Elegance to Rockview, because his sire, Rockview, got Tracery from an Orme mare.

Midge was later sold by Mr. Hancock to Willis Sharpe Kilmer before Mr. Kilmer left Lexington at a price reported to be well over what she cost Mr. Hancock at the auction.

The complete list of thoroughbreds purchased by Capt. Walker follows:
Midge, blk m (16) by Trenton—\$3,100.
Rahu, b f (2) by Disguise—Umbra; \$3,100.
Palatine—Marion Hood; \$3,600.
First Class, b f (1) by Ultimut—Belgravia; \$1,400.
Banorella, b m (11) by Bannockburn—Sorella; \$900.
Belgravia, br m (15) by Ben Bush—Bonnie Gal; \$1,400.
Elegance, ch m (13) by Orme—Kaloolah; \$1,600.
Dominoes, ch m (20) by Domino—Editha; \$50.
Colin, br h (13) by Commando—Pastorella; \$5,100.
War Club, b c (2) by Javell—Torpenhow; \$1,600.
Reginella, ch m (23) by Melton—Regina; \$150.
Diviation, ch m (17) by Horoscope—White Rose; \$500.
Federal Girl, b f (4) by Ultimut—Sylvia Dunbar; \$300.
Felicitation, br f (3) by Delhi—Felicity Murat; \$500.

The above horses marked with star indicates that they are imported animals.

Plant Life Changes.

The life of plant varieties grown from seed, in their pure and original forms, is very short, notes a botanist. They soon pass in slightly different forms and the process is constantly taking place. So that in a few years a named variety is quite unlike the original, even though a direct descendant. Everything grown from one original seed is soon broken up into many divergent forms, and in some cases this takes in the first generation.

Box to Hold Vegetables.

The box should be divided by partitions, the largest space being for potatoes, another for apples, etc. Where space is at such a premium that provisions have to be bought in small quantities this plan will add much to the comfort and convenience of the kitchen. It may be covered neatly and utilized for a seat. Have the cover hinged so that it will be easy to open.

IT'S A MISTAKE MADE BY PARIS RESIDENTS

Many people in a misguided effort to get rid of kidney backache, on plasters, liniments and makeshifts. The right treatment is kidney treatment and a recommended kidney medicine Doan's Kidney Pills. Paris is the exception.

The proof is at your very finger tips. The following is an experience of one of the work of Doan's Kidney Pills in Paris.

Chas. Stewart, tinsmith, 1111 Avenue, Paris, says: "I have had three or four attacks of lumbago in the past few years, the first being the worst. There was a constant dull ache in my back and often sharp, cutting pains darted through it. It sometimes seemed as though I could hardly endure the misery. I tried different remedies to no avail until I got hold of Doan's Kidney Pills, procuring them from the Ardery Drug Co. The first box helped me and I continued taking them until cured. Attacks since then have always been slight, and Doan's Kidney Pills have never failed to relieve me."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Stewart had. Foster-Milburn Co., Mrs., Buffalo, N. Y. (adv)

CONSTIPATION AND INDIGESTION

"I have used Chamberlain's Tablets and must say they are the best I have ever used for constipation and indigestion. My wife also used them for indigestion and they did her good," writes Eugene S. Knight, Wilmington, N. C. Obtainable everywhere.

EUROPE NEEDS FOOD

Food Administration Declares It is an Absolute Sin to Waste Food—Food Has Become Sacred.

Europe is still sending an insistent call for more food. We must send it if the war is to go on efficiently. If we eat it all we cannot ship it, and the food administration has already tried to picture how much that wheat is needed by people who will starve if they do not get it; the food administration states.

"For the least bit of heedlessness on your part in food conservation some one somewhere in the world must suffer privation," an official statement declares. "The food administration has mastered the problem of America's food in such a way that every ounce of food conserved and kept in the currents of trade goes to an empty stomach in Europe."

"It is an absolute sin to waste food. Food has become sacred."

"Food means life; it means somebody's life, and you cannot escape responsibility."

"There is no waste of food among the allied nations."

WAR BREAD COSTLY TO BRITISH GOVERNMENT

Every year the British government pays \$200,000,000 toward the cost of that nation's war bread. That is the principal reason why English bread prices are lower today to the consumer than in America. Incidentally the British bread is much poorer than the American.

Great Britain has taken over all home grown grain, bought at an arbitrary price, and all imported wheat bought in markets of the world at prevailing prices. This is turned over to the mills by the government at a price that allows the adulterated war bread loaf of four pounds to sell at 18 cents. The two pound loaf costs 9 cents, and the one pound loaf sells for 5 cents.

In milling, however, 14 per cent more flour is extracted from the wheat than in America. And there is a compulsory adulteration of 20 per cent, and an allowable adulteration of 50 per cent.

Compared with American bread, the British product is only about 65 per cent pure at its best.

In France, under conditions somewhat similar, but with a larger extraction, the four pound loaf sells for 16 cents.

AMERICAN SAVINGS WILL MEASURE WHEAT EXPORTS

"We have already exported the whole of the surplus of the 1917 wheat harvest, over and above the normal demands of our own population. It is necessary, therefore, for the food administration to restrict export of wheat so as to retain in the United States sufficient supplies to carry our own people until the next harvest."

"Therefore all exports of wheat from now forward are limited entirely to volume of saving made by the American people in their consumption of wheat and wheat products."

"We continued wheat shipments for December as far as our situation allowed, but even with all the conservation made we were still unable to load several hundred thousand tons of foodstuffs urgently required by the allied nations during the month of December alone."

HERBERT HOOVER.

WHEAT-CORN YEAST BREAD.

Wheat-corn bread is more nutritious than bread baked with wheat flour alone. Thousands of American families today are using this mixed flour bread, and in so doing are enabling America to provide more wheat flour for the allies. Here's a tested recipe for this bread: Take one and a half cups of milk, water or a mixture of the two; one-half cake compressed yeast, one and a half teaspoons salt, one tablespoon sugar, one tablespoon of fat if desired, one cup cornmeal and two cups wheat flour.

Put one and a half cups of water, the cornmeal, salt, sugar and fat (if used) into a double boiler and cook twenty minutes. The water is sufficient only to soften the meal a little. Allow the meal to cool to about the temperature of the room and add the flour and yeast mixed with the rest of the water. Knead thoroughly, make into loaf, place in pan of standard size, allow to rise until nearly fills the pan and bake 45 or 50 minutes. It is hardly practicable to use a greater percentage of cornmeal than this even in emergencies, for bread so made differs very little from baked mush. Less cornmeal can be used and in such a case the general method given above may be followed.

It is possible to make a yeast raised corn bread without first cooking the cornmeal. In this case not more than one cupful of meal should be used to four cupfuls of flour. In other respects the bread is mixed and baked as in the above recipe.

MILLERSBURG

—Miss Lula Warford left Tuesday for a two-months' visit in Lexington.

—Mr. J. W. Hodge and mother, of Macon, Ga., are guests of Mr. and Mrs. W. D. McIntyre.

—Mr. J. H. Stewart and Mesdames G. W. Clifford and Sarah Shea improve slowly.

—Mrs. Mattie Purnell has accepted a position at M. M. I. and entered on her duties Monday.

—Mrs. Gardner, of West Liberty, was the guest of her son, Cadet Gardner, at M. M. I., from Saturday until Monday.

—Mrs. W. D. McIntyre and little daughter and guests, Mrs. J. W. Hodge and son, of Macon, Ga., were guests of Mr. and Mrs. Dudley, at Carlisle, Monday.

—Heatless Monday was nicely observed here, all business houses that were required to do so being closed tight. Others would have closed had they been asked to do so.

—Capt. Davis, of the M. M. I.,

left Saturday for New York to answer a military call of exemption. He succeeded in getting through all right, and returned to his duties Thursday.

—Mr. M. I. cadets of the past are showing up nicely in army and navy service. There are more than one hundred graduates of the institution that are now commissioned officers in the army. Many who are not graduates are in army service, some of them officers.

—The Millersburg Red Cross Chapter shipped two boxes this week. The first contained eighty one hospital shirts and seven pairs of pajamas. The other contained knitting—twenty-one sweaters, ten pair of socks, six pair of wristlets. This made two hundred and fifty knitted articles that have been shipped from this chapter.

STATEWIDE PROHIBITION BILL PASSES KENTUCKY SENATE

The State-wide prohibition amendment was passed by the Senate Tuesday afternoon by the decisive vote of 28 to 6.

This is the measure fathered by Senator W. A. Frost, of Graves

county, which provides for the submission of a State-wide amendment to the constitution to the voters of Kentucky at the November election 1919, and which is to become effective, if approved, on June 30, 1920.

Strenuous efforts were made to amend the bill by extending the time limit, but all were futile.

The six Senators who voted against the State-wide amendment measure were Combs, of Fayette; Burton, of Bath; Helm, of Campbell; Perry and Huffaker, of Jefferson, and Simmons, of Kenton.

The Kentucky House of Representatives Wednesday afternoon passed the State wide prohibition bill by a vote of 79 to 5 as the Senate passed it Tuesday.

The amendment will be submitted to a vote of the people next November and if it carries Kentucky will go dry on June 30, 1920.

CAN'T GO WRONG WITH LUCKY DIME TIED TO ANKLE.

When fifteen or more negroes were being examined at Camp Travis, near San Antonio, Texas, recently the medical officers discovered many of them had a string about their ankle, and that the string held a silver dime. The officers asked the reason.

"Don't you know that's for good luck," one black responded. "You can't get shot as long as you wear a lucky dime."

"Well, why wear it around your ankle?" continued the questioner. "Why not wear it around the neck or carry it in your pocket?"

"That's to guide your feet in the right direction," replied the negro. You just can't go wrong, that's all."

BUREAU OF NATURALIZATION SENDS IMPORTANT RULING

Mr. Charles N. Wiard, as Clerk of the United States District Court, at Frankfort, has been notified by the

Bureau of Naturalization at Washington that the United States Supreme Court, on the 7th of January, handed down an opinion in the case of the United States vs. Morena, that declarations of intention to become citizens made before the 27th of September, 1906, expired by limitation on the 27th of September, 1913, under the seven-year provision of the act of 1906. No more petitions will be received by the U. S. Court based upon declarations made before September 27, 1906. It has heretofore been held that limitation did not run.

More Money From the Same Feed

That's the experience of every farmer who uses Avalon Farms Hog-Tone. "Tone" a hog and he thrives better. He assimilates a bigger percentage of his food. He is not held back in his growth by the dozens of parasites and disorders that are an ever present menace to his growth. Read this letter about getting more value from the same feed.

THE AVALON FARMS COMPANY, Chicago, Ill.

In answer to your inquiry of my success in feeding Hog-Tone, will say that it has been with good success. I would say that it is a great appetizer, and will also say that it is beneficial to any hog that is not feeding out good. A man will get more feeding values from his feed if he will keep his hogs in good condition and I have found no better conditioner than Avalon Farms Hog-Tone.

JOHN W. GANDY, Albion, Ind.
